EXPERIENCE

Assistant TM1 & Analytics Consultant
Planist IT Consulting Ltd.

📅 February 2020 – September 2020 📍 Üsküdar, İstanbul, Turkey

- Participated in the implementation of Planning, Budgeting and Scorecard solution for TEB, one of the oldest and most deeply-rooted financial institutions in Turkey.
- The system pulls millions of financial data from their ERP system and produces P&L, Balance Sheet on Customer and Contract level and allocates costs on Product and Contract level through highly customized and manageable allocation mechanism.
- Currently, providing production support on HR Planning and Scorecard Management solutions.

Sales Operations Administrator & Business Analyst
Orange Business Services

📅 November 2017 — February 2020 📍 Ümraniye, İstanbul, Turkey

- Leading annual target setting projects to motivate salespeople for selling more and securing company budget.
- Governing the Sales Incentive Plan and Compensation by conducting target setting, performance monitoring and adhoc simulations.
- Generating and presenting monthly reports of various operating metrics and sales performances to regional senior management.
- Monitoring/analyzing sales performance and sales efficiency (via Salesforce, SAP Business Objects Web Intelligence XI) in order to support management on making decisions on sales resources.
- Participating in order/revenue budget preparation process for the region.
